Pink Ribbon Breakfast 2022

On Friday the 28th October, we hosted a Pink Ribbon Breakfast supporting the Breast Cancer Foundation.

Raffle tickets were also sold, with all proceeds from the breakfast and the raffle going to the Breast Cancer Foundation.

We raised \$5,069.75 which will go towards breast cancer research. Thank you to everyone involved!

Why We're Wild About Water Sports

Although we love boats here at Terrace Boating & Leisure Centre, you don't always have to be on your boat to best enjoy your time out on the water.

And that's why we're wild about water sports. Hugely popular across Australia, water sports can cater to just about anyone – for those after an adrenaline kick, or others who are happy to relax and float around on the water.

At Terrace Boating we offer a huge range of equipment and accessories, products that are sure to make you smile – here's just a sample.

- **SKIS** apart from providing you with a full body workout and a bout of adrenaline, water skis are a great source of fun.
- **KNEEBOARDS** If you're less about balance and more into being close to the water, then kneeboards may be more your style!
- **STAND-UP PADDLEBOARDS** For the explorer at heart, why not enjoy your time on the water with our versatile stand-up paddleboards or SUPs?
- **CAMPING & OUTDOOR GEAR** If you're really looking to make the most of a weekend of water sports you might be into camping and laying your lead right there, in the great outdoors. Our extensive camping supplies have you covered.

Boat Repairs & Maintenance

With the cold weather well behind us, now is the time to check your boat and take care of those maintenance or repair jobs.

Before your first trip out this season, you should ensure your boat or watercraft is in good working order and that includes checking the following:

- Hull and fittings for signs of wear, corrosion or damage
- The battery and electrical system is working
- Fluids such as water and fuel are fresh
- Bilge blowers and pumps are working
- Toilets and tanks are clean and fresh
- All required safety equipment is onboard and in-date
- Inflatable lifejackets require special attention to ensure there is no sign of wear or damage; any gas bottles and cartridges are fitted securely and the jacket is in-date regarding servicing.
- Rigging or ropes, chains and anchors
- Trailer for signs of wear or damage especially wheel bearings, brakes, lights

Ensuring your boat is in good condition and equipped with the appropriate gear before you head out is what makes the difference to a great day out on the water.

Camping Tips:

What you'll need to bring

Tried and tested equipment

The best way to know how your camping trip will fare is by having a trial run at home. Trying your equipment at home gives you a better idea of how much time it will take to set up at camp, if you need additional pegs and if the equipment is appropriate for your camping trip.

Light up the dark

Camping under the stars is the perfect holiday treat, but you want to make sure you have more light than what the moon can offer. Investing in LED or solar powered lanterns and light sticks is a camping essential, making sure that you safely navigate around your campsite at night.

Portable kitchen

Appropriately storing your food at a campsite is important to keep your food fresh and deter any hungry wildlife. Packing an ice box, camping stove, pots and utensils for your trip will make sure that your set for a summer feast.

Used Boat Of The Season

185 SEARAY
BOWRIDER - 2005

The 2005 185 Searay is an outstanding bowrider, boasting plenty of seating and floor space to ensure a leisurely cruise out on the water.

Our favourite part of summer.....spending time with friends on the boat!

A perfect day spent on the water!

Fishing, snorkeling, tubing and swimming are all great activities that can be enjoyed from a boat, and even better with a group of friends.

Make sure that the next time you're heading out on the water that you've packed your watersports accessories.
